Hi Abhishek

As discussed, as part of the next step in our hiring journey for the Engagement Strategist role, we are pleased to invite you to participate in the **Build at Damco Challenge**.

**It is an opportunity for you to build, think, and solve the way engineers do in real-world environments.**

## **Get started here:**

[www.damcogroup.com/build-at-damco](http://www.damcogroup.com/build-at-damco)

## **What we are looking for**

At Damco, we value a builder mindset.

People who:

- Take ownership end to end
- Think in systems, not just tasks
- Learn fast and iterate faster
- Care about the “why” as much as the “how”

## **What Next**

You can find all instructions on the challenge page. Please submit your solution within the given timeline.

If you face any issues or have questions, feel free to reach out. I am happy to support.

We are excited to see how you think and build.

Wishing you the very best.

Thanks & Regards,

**Priyanka Narang** (she/her/hers)
